

CBC-25

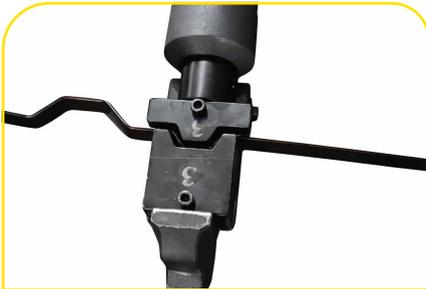

Multifunction Hydraulic Copper Bending & Terminal Crimping Tool

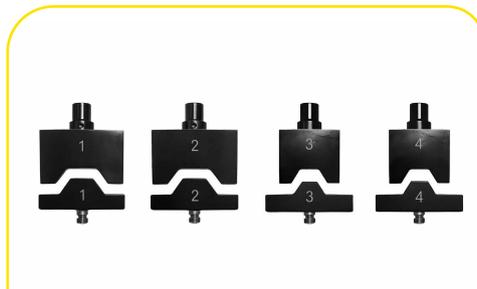

High-performance CBC-25 delivers precise copper busbar bending and terminal crimping with powerful 7-ton hydraulic efficiency.

Features:

- ✔ 7-ton hydraulic power
- ✔ Dual-function bending and crimping
- ✔ Quick-change dies for size flexibility
- ✔ Compact, job-site ready design

Easily cut copper sheets up to 5 mm thick

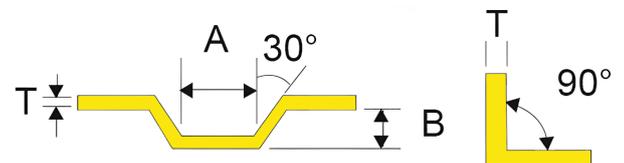

Comes in Various Mold Sizes to Fit Your Needs

High-Quality Mold with 7-Ton Pressing Power

SPECIFICATION

Model	CBC-25
Pump System	Single Acting 700 Bar / 10000 psi
Output	7 Ton
Crimping Range	8-38mm ²
Max. Thickness	5 mm (Copper Sheet)
Connection	Male 3/8" NPT x Male Coupler ZG

NO.	A	B	T (mm)
1	30	15	3-5
